## Circular for Parents (Classes I to X)

Dear Parents,

DPS has always emphasized on the holistic development of the student. Keeping this in mind, the curriculum includes a wide array of activities for socially useful productive work that would hone their talents and sharpen their skills, thus opening broader avenues for the student's overall development. Activities aim at increasing their sensitivity towards the environment and adds new dimensions to their hobbies and interests.

The enclosed list of activities is offered by the school to students of Classes I-X for the year 2018-19 (Term-II). You are requested to give the options for your child in order of preference, as activities are allotted on the basis of availability. **In case of very large number of students per activity or lack of response, the second choice will be allotted. Any request for the change in activity will not be entertained.**
